

Code & Supply  
**Sponsor Prospectus**

# Sponsor Code & Supply

Sponsors are very important to the success of Code & Supply. Sponsorship money is used to pay for food, space, promotion, video, and administrative overhead.

Sponsors are companies that are interested in helping to build a community that thrives.

## It's Worth It

Code & Supply has an incredible group of members. Our members are passionate about being great programmers. They're also attentive to our messages from sponsors and highly targeted. The members in our mailing lists and Twitter followers aren't filled with any fluff!

We're growing fast thanks to our reputation for putting on excellent events and building a fun community experience. In 2014, we will have held 50 events in just 8 months since our founding.

Membership growth in our first year

# Sponsorship Benefits

A monthly sponsorship package entitles your company to the entire month as the named sponsor which includes:

- Your logo on all of our event signs
- Your logo and description posted on our Meetup.com page
- Your company is mentioned at the beginning of all events, with your pitch
- One email to our mailing list saying what your company is all about
- Inclusion on our jobs page
- Opportunity to make announcements at an event
- One event hosted in your space (if you choose)
- Many tweets thanking you

We will always work closely with sponsors to ensure that they are getting their money's worth in sponsoring Code & Supply.

# Testimony

---

---

Join great companies in sponsoring Code & Supply's community events.

*I definitely think it was helpful for do the sponsorship. It was a good way to get Atmosferiq's name out into the local community and I've already received a handful of in bound resumes that I'm sure were a result.*

*— Jonathan Diven, Founder & CEO Atmosferiq*
